

Dear <client>,

Your <IDPS account name> account has just introduced a new reporting solution that allows you to view your Wrap account alongside your Macquarie Cash Management Account (MCMA).

The new functionality provides me 'read only' access and a holistic picture of your cash position. Once the link is established, I'll be able to view your MCMA balance and transactions, against your CFS IDPS Default Cash Account and IDPS Statement.

To link your two accounts, you'll need to provide consent to Macquarie. I have pre-populated the attached form and ask that you return it to me at your earliest opportunity. You can terminate the connection between the two accounts at any time.

Please feel free to contact me if you have any questions.

Kind regards

<adviser>
