Returns are calculated on a cumulative year-on-year basis which are then annualised. For funds that have been in existence for less than one year, the since inception performance is actual performance since inception and not annualised. Calculations are based on exit price to exit price with distributions reinvested, after ongoing fees and expenses but excluding individual tax, member fees and entry fees (if applicable). Please refer to the PDS for full details of the applicable fees, costs, and benchmarks.

### Investment objective

To achieve total returns (including income and capital appreciation and before fees and taxes) that exceed those of the S&P/ASX 200 Accumulation Index by 5% per annum over rolling five year periods.

### Investment strategy

The investment strategy of the option is to provide investors with access to companies listed on the Australian Securities Exchange that Lazard believes are out of favour and trading below their intrinsic value. The number of stocks will generally range between 12 and 30 depending on Lazard's active investment decisions and assessment of the relative value of the companies. The option may also invest up to 10% in companies listed on the New Zealand Stock Exchange.
