Past performance is not an indicator of future performance for this option or any other option available from Colonial First State.

Returns are calculated on a cumulative year-on-year basis which are then annualised. For funds that have been in existence for less than one year, the since inception performance is actual performance since inception and not annualised. Calculations are based on exit price to exit price with distributions reinvested, after ongoing fees and expenses but excluding individual tax, member fees and entry fees (if applicable).

Please refer to the PDS for full details of the applicable fees, costs, and benchmarks.

### Investment objective

To magnify long-term returns from capital growth by borrowing to invest in predominantly Australian companies. To outperform the S&P/ASX 300 Accumulation Index over rolling seven-year periods before fees and taxes.

### Investment strategy

To invest in a diversified portfolio of predominantly Australian companies. The investments are managed by combining the portfolios of a number of Australian share managers to provide an actively managed, diversified portfolio. The option utilises gearing to magnify returns from underlying investments.
