**Past performance is not an indicator of future performance for this option or any other option available from Colonial First State.**

Returns are calculated on a cumulative year-on-year basis which are then annualised. For funds that have been in existence for less than one year, the since inception performance is actual performance since inception and not annualised. Calculations are based on exit price to exit price with distributions reinvested, after ongoing fees and expenses but excluding individual tax, member fees and entry fees (if applicable). Please refer to the PDS for full details of the applicable fees, costs, and benchmarks.

### Investment objective

To magnify long-term returns by borrowing to invest in growth assets. To outperform the option's composite benchmark over rolling seven-year periods before fees and taxes.

### Investment strategy

To allocate 90% of investments to a diversified portfolio of shares, property and infrastructure securities. In order to provide further diversification, the portfolio is allocated across a number of leading investment managers. The portfolio will also allocate 10% to investments designed to generate additional income and to further diversify returns. Income from investments is used to pay the costs of gearing.
