Trustee's policy for the use of derivatives

The Trustee has a detailed Derivatives Risk Management Policy which covers the use of derivatives, the controls over their use, and the processes of assessing compliance with those controls. These policies and controls are intended to ensure proper use of derivatives. The Fund has an indirect exposure to derivatives through its investments in other managed investment schemes managed by the Trustee. Temporary residents

If you are a temporary resident and have not requested a Departing Australia Superannuation Payment (DASP) benefit within six months of the later of your temporary visa expiring and the date you are leaving the country, we may be required to pay your account balance to the Australian Taxation Office (ATO), under Division 3 of Part 3A of the Superannuation (Unclaimed Money and Lost Members) Act 1999. In these circumstances you will no longer be a member of the Fund and you will lose any insurance cover. You will also no longer be invested in your chosen investment option(s).

We are not obliged to notify or give an exit statement to you in this circumstance as allowed by ASIC Class Order 09/437. Once your account balance has been transferred to the ATO, you may claim your benefit by using the online application system, which is available on the ATO website at ato.gov.au/Forms/Application-for-payment-of-ATO-held-superannuation-money/

Working holiday makers

From 1 July 2017, Departing Australia Superannuation Payments (DASPs) made to working holiday makers will be taxed at a different rate to those paid to temporary residents. You are classified as a working holiday maker where you hold or have held a 417 Working Holiday visa or a 462 Work and Holiday visa. Please refer to the ATO site for further information: www.ato.gov.au/Individuals/International-tax-for-individuals/Coming-to-Australia/Working-holiday-makers/

Superannuation contribution surcharge

Payments of the superannuation contribution surcharge if applicable are paid by deductions from your account, or, if the Trustee receives an assessment after you have left, it will generally be forwarded on to the fund or institution to which you have transferred your benefit.

Unclaimed money and lost members

We may be required to pay your account balance to the ATO if:

- you are 65 years or older, we have not received a contribution in two years, and we have been unable to contact you for five years
- your account is subject to a family law payment split, but we are unable to identify the ex-spouse entitled to the super benefit
- you are deceased, we have not received a contribution or rollover for you in the past two years, and we can't (after reasonable attempts and a reasonable period of time) identify a person entitled to your super benefit
- you are a lost member and either:
 - your account balance is less than \$6,000, or
 - we have not received an amount in respect of you in the last 12 months, and we do not have enough information to identify you and would not be able to pay an amount to you.

You will be a lost member where:

- at least one written communication has been sent back to us undelivered and we believe you can no longer be contacted, or we've never had an address for you, and we have not received a contribution or rollover for you within the last 12 months and you have not contacted the fund or accessed information about your account electronically within the last 12 months, or
- you joined the fund as a result of an agreement between your employer and the trustee of the fund, and you have been a member of the fund for longer than two years, and the fund has not received a contribution or rollover in respect of you in five years.

If your account balance is transferred to the ATO, you will no longer be a member of FirstChoice and you will lose any insurance cover. You will also no longer be invested in your chosen investment option(s).

From 1 July 2013, interest will accrue on your account balance from the time it is paid to the ATO. You may claim your benefit by completing the online application, or downloading a paper application form, from www.ato.gov.au.

Transfer to the Eligible Rollover Fund (ERF)

If your account is low, or written communications are returned unclaimed (defined as 'lost' under superannuation law), then your benefit may be transferred to an ERF (after deducting any outstanding fees, taxes and liabilities). We will contact you at your last known address before transferring your account to the ERF. The ERF selected by Colonial First State is the SuperTrace Eligible Rollover Fund (SuperTrace) ABN 73 703 878 235 which can be contacted at:

SuperTrace Eligible Rollover Fund (SuperTrace)
Locked Bag 5429
Parramatta NSW 2124
Contact: 1300 788 750

The trustee is Colonial Mutual Superannuation Pty Ltd ABN 56 006 831 983.

If your benefit is transferred to SuperTrace, you will cease to be a member of the Fund. You will cease to have rights associated with the Fund, and will no longer receive regular statements from Colonial First State.

Being transferred to the ERF may affect your benefits for the following reasons:

- You will become a member of the SuperTrace fund and be subject to its governing rules. You can contact SuperTrace to ask for a copy of its PDS.
- SuperTrace will apply a different fee structure. You should refer to its PDS for circumstances in which fees may apply.
- SuperTrace does not offer insurance benefits in the event of death or disablement.
- SuperTrace invests your benefit in a low risk strategy, which directly affects the rate of interest credited to your account. You should evaluate whether this strategy is appropriate to your specific circumstances.

Catch-up concessional contributions

From 1 July 2018, individuals who have not fully used their concessional contributions cap to carry forward unused cap amounts to future financial years. Access to these unused cap amounts can apply from 1 July 2019 and will be limited to those individuals with a total superannuation balance of less than \$500,000 and to unused amounts from the previous five financial years (starting from 1 July 2018).

First home super saver scheme

From 1 July 2017, you can make additional pre-tax or after tax voluntary contributions¹ to super to save for your first home. As super is concessionally taxed, saving through super may allow you to save for your first home more quickly.

You can contribute up to \$15,000 pa (\$30,000 in total) in voluntary contributions under the scheme. From 1 July 2018, you can then withdraw the contributed amounts plus a deemed earnings amount to help fund the purchase of your first home. You must receive the withdrawal prior to entering into a contract to purchase or construct your first home. Amounts withdrawn (excluding after tax contributions) form part of your assessable income but provide you with a 30% non-refundable tax offset.

For further information about the First home super saver scheme, please refer to www.ato.gov.au.

Downsizer contributions

From 1 July 2018, if you are aged 65 or over and sell your principal home², you can use the sale proceeds to make a downsizer contribution of up to \$300,000 into your superannuation account.

Downsizer contributions are not subject to normal contribution eligibility criteria such as having to meet a work test and don't count towards other contributions caps. However, once made they count towards your total superannuation balance which can impact your eligibility for other superannuation rules (eg, if your total superannuation balance just prior to a financial year is \$1.6 million³ or more, your non-concessional contributions cap reduces to Nil). Downsizer contributions used to commence retirement phase income streams (eg, allocated pensions) also count towards your \$1.6 million transfer balance cap.

If you are thinking of downsizing your home, this new measure allows you to contribute up to \$300,000 (\$600,000 combined for a couple) of the proceeds into the superannuation environment. The contribution will be tax free when received by your fund, although it will be assessable under the social security assets test and generally deemed under the social security income test.

To be eligible to make a downsizer contribution, your principal home must have been owned by you and/or your spouse for at least 10 years, and you must have not made a downsizer contribution from the sale of another home in the past.

Please note: you cannot claim a tax deduction for any contributions made from 1 July 2018 to a superannuation fund that are identified as downsizer contributions.

For further information about downsizer contributions, please refer to www.ato.gov.au.

1 The amount of voluntary pre-tax contribution amounts able to be withdrawn is reduced by 15% to allow for contributions tax.

2 Applies where the exchange of contracts occurs on or after 1 July 2018.

3 This threshold is based on the transfer balance cap, which started at \$1.6 million in 2017–18 and will be indexed periodically in \$100,000 increments in line with CPI. It remains \$1.6 million in 2018–19.

Regulatory changes

Upcoming legislative changes to superannuation

Work test exemption for some recent retirees

Generally, if you are aged 65 to 74, you must have met a part time work test in order to make voluntary contributions to super. From 1 July 2019, if you are aged 65 to 74, you can make eligible voluntary contributions for up to 12 months after the end of the financial year in which you last met the work test, provided that your total superannuation balance (just before the start of the year of your contribution) is under \$300,000.

Preventing inadvertent concessional cap breaches

From 1 July 2018, where your income exceeds \$263,157 and you have multiple employers, the Government intends to allow you to nominate that your wages from certain employers are not subject to the Superannuation Guarantee (SG). The Government says this measure is being introduced to allow those who are eligible to avoid unintentionally breaching the \$25,000 annual concessional contributions cap as a result of compulsory SG contributions from multiple employers.

Where you make this nomination with an employer, you may then be able to negotiate to receive additional salary and wages to make up for the lost SG contributions.

At the time of writing, this proposal had not been legislated.

Changes to superannuation fees

From 1 July 2019, the Government has announced it will introduce a 3% annual cap on investment and administration fees charged by superannuation funds on accounts with balances below \$6,000. In addition, exit fees on all superannuation accounts will be banned from 1 July 2019.

At the time of writing, this proposal had not been legislated.

Changes to insurance cover within super

From 1 July 2019, the Government will in most cases prevent insurance being offered on an opt-out basis to members with balances below \$6,000, members with inactive accounts and new members under age 25.

At the time of writing, this proposal had not been legislated.

Reuniting small inactive superannuation accounts

From 1 July 2019, the Government will require all inactive superannuation accounts with balances below \$6,000 to be transferred to the Australian Taxation Office (ATO), unless the member has opted-in to hold insurance in the fund. The ATO will then use data matching to proactively reunite these inactive accounts with a member's active account, where possible.

At the time of writing, this proposal had not been legislated.
