Past performance is not an indicator of future performance for this option or any other option available from Colonial First State.

All returns are calculated on an annualised basis using exit price to exit price with distributions reinvested, net of management costs, transaction costs and for FirstChoice Personal Super and FirstChoice Employer Super net of tax payable by the trustee. All return calculations exclude contribution surcharge, excess contribution tax or individual taxes payable by the investor and all other fees and rebates disclosed in the relevant Product Disclosure Statements (PDSs). For FirstChoice Investments, the 'distribution' component is the amount paid by the way of distribution, which may include net realised capital gains.

Please refer to the PDS for full details of the applicable fees, costs, and benchmarks.

Investment objective

To magnify long-term returns from capital growth by borrowing to invest in predominantly Australian companies. To outperform the S&P/ASX 300 Accumulation Index over rolling seven-year periods before fees and taxes.

Investment strategy

To invest in a diversified portfolio of predominantly Australian companies. The investments are managed by combining the portfolios of a number of Australian share managers to provide an actively managed, diversified portfolio. The option utilises gearing to magnify returns from underlying investments.
