Investment objective

To provide long-term capital growth and income, with an emphasis on capital stability, from a diversified portfolio of predominantly Australian companies. To outperform the composite benchmark of 65% S&P/ASX 300 Accumulation Index and 35% Reserve Bank of Australia (RBA) cash rate over rolling three-year periods before fees and taxes.

Investment strategy

To invest in a diversified portfolio of predominantly Australian companies. The investments are managed by a number of boutique Australian share managers, which is designed to deliver more consistent returns with less risk than would be achieved if investing with a single investment manager.
