What kind of compensation arrangements are in place for a breach of our legal obligations

Where we are liable to meet a claim, payment will generally be paid from our cash flows and available resources.

For claims, we may rely on and claim under the professional indemnity insurances that we hold. These insurances are between us and the insurer and are intended to respond to civil liability resulting from significant claims for compensation made against us for financial services provided by us or our representatives. These insurances provide cover even if one of our representatives has ceased to act or work for us.

Our compensation arrangements comply with the legal requirements set out in section 912B of the *Corporations Act*.¹
