Past performance is not an indicator of future performance for this option or any other option available from Colonial First State.

Returns are calculated on a cumulative year-on-year basis which are then annualised. For funds that have been in existence for less than one year, the since inception performance is actual performance since inception and not annualised. Calculations are based on exit price to exit price with distributions reinvested, after ongoing fees and expenses but excluding individual tax, member fees and entry fees (if applicable). Please refer to the PDS for full details of the applicable fees, costs, and benchmarks.

Investment objective

The option aims to outperform the S&P/ASX 300 Accumulation Index, before fees, costs and taxes over rolling five year periods.

Investment strategy

The option aims for a portfolio of high quality companies which have net positive alignment with one or more of the UN's Sustainable Development Goals (SDGs), exceed Alphinity's minimum Environmental, Social and Corporate Governance (ESG) criteria, and fit the investment process described below. The SDGs are a globally-recognised framework that address themes such as climate change, inclusion, healthy lives, and poverty.
