## **PDS** disclosure update

Change	Description
First Home Super Saver Scheme (FHSSS)	Contributions your employees make for the FHSSS are voluntary superannuation contributions and are subject to the fees and costs outlined in the PDS. If your employees have insurance cover, their account balance will also be reduced by insurance premiums. This may result in a lower amount in your account available for an FHSSS release.
	Also note if after an FHSSS release payment, your employees account balance in FirstChoice Super products becomes too low to cover the monthly insurance premiums their insurance cover may be impacted. If we do not receive the full premium owing within 90 days after the first missed monthly premium, their insurance cover will end. They can opt out of insurance cover at any time.
	Your employees cannot claim a deduction for:
	Voluntary super contributions released to them under the FHSSS; or
	FHSSS amounts that they have recontributed to their super fund(s).
Downsizer contributions	Downsizer contributions your employees make are subject to the fees and costs outlined in the PDS. If they have insurance cover, their account balance will also be reduced by insurance premiums. This may result in a lower amount in your account than they contributed.
	They cannot claim a tax deduction for any contributions made from 1 July 2018 to a superannuation fund that are identified as downsizer contributions.
	Contributions found not to be downsizer contributions
	If the ATO notifies us that your employee's contribution does not meet the downsizer contribution eligibility requirements, we will assess whether their contribution could have been made as a personal contribution under the contributions acceptance rules. If their contribution could be accepted, the amount will count towards the relevant contribution cap. If their contribution cannot be accepted, the contribution amount will be returned to them

Contributions received after a full withdrawal	If your members' Insurance cover has ended because they withdrew the full balance of their account and we subsequently receive a contribution, their Insurance cover will not be reinstated.	
APRA Superstream Levy	Under the Financial Institution Supervisory Levies, APRA has recovered costs relating to implementing the SuperStream reforms since 2011. The cost of the levy is recovered by CFSIL from most super and pension options. As CFSIL is no longer subject to the APRA levy (after FY18), it will not recover the levy from applicable super and pension options going forward. References to the levy have been removed from the PDS and (where applicable) fee estimates included in the PDS exclude the historical cost of the levy.
