The report covers proxy voting outcomes of 31 Australian equity investment managers. There were three investment managers that did not vote. It also does not cover any investment managers that were terminated during the period. Lastly, it does not cover any non-ASX listed stocks held in those portfolios. The data does not cover voting on any ASX-listed stock held within global equity portfolios. The data was obtained directly from our investment managers and compiled by CFSIL to produce this report. Some data was enriched such that it was comparable across investment managers.
