

FirstChoice Wholesale Investments Performance

March 2025

FirstChoice generally uses mandates for the single manager options rather than investing into each manager's unit trust. Therefore, the returns of the single manager options will not be identical to the returns of a similar unit trust offered by the manager.

* Returns are calculated on a cumulative year-on-year basis which are then annualised. For funds that have been in existence for less than one year, the since inception performance is actual performance since inception and not annualised. Calculations are based on exit price to exit price with distributions reinvested, after ongoing fees and expenses but excluding individual tax, member fees and entry fees (if applicable). Past performance is no indication of future performance.
